Committee Meeting – December 5, 2011
MAYOR'S REPORT

PUBLIC SAFETY BOND:

On tonight's agenda is what I'll call a "public safety bond ordinance", for introduction. This is the first bond that the Township has introduced in a number of years, with exception of the safe routes to schools sidewalk bond last year. Mr. Breeden will go over the details of this bond during his report, but I feel that Barnegat Township is overdue in ensuring the safety of both our first responders and residents and this bond will accomplish that.

BARNEGAT POLICE DEPARTMENT:

As I mentioned at the last meeting, our Police Department received full national accreditation. The Township and the Police Department will have a presentation at the next meeting.

GREEN THUMB DAY CARE AND NURSERY:

On this past Saturday, my wife and I attended a ribbon cutting for the new Green Thumb Day Care and Nursery on Route 9. The all new facility offers a multitude of services for working parents along with a greenhouse where they are growing all kinds of plants. They will also be opening a new outdoor garden décor and nursery next store.

Jeffrey M. Melchiondo
Mayor, Barnegat Township
