

55-165. FIRE PROTECTION

- A. Wherever a central water supply system services a development, provision shall be made for fire hydrants along streets and/or on the walls of nonresidential structures as approved by the Fire Commissioners or Board and in accordance with fire insurance rating organization standards.

- B. Where streams or ponds exist or are proposed on lands to be developed, facilities shall be provided to draft water for fire-fighting purposes. This shall include access to a public street suitable for use by fire-fighting equipment and construction of or improvements to ponds, dams or similar on-site or off-site development, where feasible. Such facilities shall be constructed to the satisfaction of the Board Engineer and Fire Department and in accordance with fire insurance rating organization standards.
