

55-183. SWIMMING POOLS.

- A. No private residential pool shall be installed on any lot unless said lot shall contain a residence and said pool shall be accessory to the residence. The pool shall meet the yard requirements for accessory buildings in the district in which it is located, except that if the pool is located in the front yard, the pool shall be set back twice the distance from the street line than is required for the principal building.
- B. Pools shall otherwise be installed, operated and used in accordance with other health and safety ordinances regarding water filtration, circulation and treatment fencing; noise; and lighting. A pool permit shall be obtained from the Building Official.
