

55-184. ENERGY CONSERVATION.

DIVISION 1: PINELANDS - WEST OF PARKWAY

In reviewing any application for development, including applications for site plan, conditional use, variance, and/or subdivision approval, the municipal agency having jurisdiction shall also consider the manner in which the plan of the site

provides for or promotes conservation of energy. The applicant shall take conservation of energy into consideration in his/her proposed development to the extent practicable or appropriate to the use and location.
