

55-211. FIELD CHANGES; PROCEDURES. [Amended 71-91 by Ord. No. 1991-31]

- A. An applicant for development may request a minor change or amendment to approved plan or plans from the Planning Board or Zoning Board in accordance with the following procedures:
- (1) The applicant shall forward in writing a request for minor change to the Secretary of the Board which has jurisdiction over the application and to the Board's Engineer. A sketch/plot plan shall accompany said request and shall clearly address the proposed deviation or change from the approved plan.
 - (2) The applicant's request shall be scheduled on the Agenda of the appropriate Board after receipt of review letter from the Board's Engineer. The Board may then act via roll call vote on the record to approve or disapprove said application.
 - (3) The Secretary of the Board shall then advise in writing the applicant, Board Engineer, Building Department, Township Engineer and Zoning Officer of the disposition of the request for field change.
- B. The applicant shall submit at the time of request for field change a nonrefundable fee of fifty (\$50.00) dollars for each and every field change requested to the approved plans.
