

ARTICLE XIV**COMPLIANCE****55-271. COMPLIANCE WITH PROVISIONS.**

- A. All zoning requirements shall be met at the time of any erection, enlargement, moving or change in use. If a new structure is added to an existing complex of structures or if an existing structure has an addition, the site plan provisions of this chapter shall apply to the enlargement or new structure.
- B. All developments resulting from subdivision and site plan approvals shall comply with all the design and performance standards, including conditions imposed by the approving authority as shown on the approved plan and/or included in the resolution adopted by the approving authority.
