

**Committee Meeting – April 20, 2009  
MAYOR’S REPORT**

**PARKWAY & WEST BAY AVE PROJECTS:**

The administrator will give an overview of the current status of our ongoing construction at the Parkway interchange and on West Bay Avenue. We have been in close contact with the Turnpike Authority with serious concerns about the new north bound on ramp as to the dangerous condition that currently exists due to the lack of a merging lane. Dave will explain this further.

**MIRAGE ISSUES:**

I’m happy to announce that we anticipate receiving the agreement this week as to the work to be done for the crawl spaces that we inspected over the last 3 to 4 months. The work should start within 2 weeks, and be completed within 4 weeks thereafter.

Mirage attic and UCC repairs - Again, an agreement should be in place soon, although the work will take throughout this year to complete. We anticipate ALL of the remaining Menk homes to be fully repaired by 12/31/09.

**WEDDING ROAD SHOW:**

This past Sunday the Barnegat and Southern Ocean Chambers hosted the first Wedding Road Show where prospective brides signed up at our Gazebo Park and toured the available locations in Barnegat, Manahawkin, Tuckerton and LBI that they might hold their weddings or receptions. Over 200 brides signed up for this event.

**SCHOOL BOARD ELECTIONS:**

Just a reminder that the School Board elections are tomorrow from 2-9 PM. Please take the time to get out to the polls and make your choice for both the members of the school board and the 2009-2010 school budget.

**Jeffrey M. Melchiondo  
Mayor, Barnegat Township**
