

Attachment to Informal Application Check List

Comments, Requested Waivers, and those N/A to Application

I. General Requirements

Pursuant to the instructions of the Planning Board Secretary, nine (9) copies of all requested documents will be submitted to the Planning Board instead of the twenty-two (22) requested on the informal application checklist.

II. Plat Details

A waiver is requested for the requirement of a schedule. The existing and proposed use is a campground. The parcel is comprised of approximately 42.7 acres of land and is located within the Preserved Forest Pinelands Zone. It is a single lot and will not be subdivided, as a result there are no proposed lots contemplated. Additionally, the Zoning Ordinance has not set forth any bulk requirements (setbacks, yards, or dimensions) for a campground, therefore it is not necessary to provide a schedule for the attached concept plan.

There will be no elimination of any lot lines, therefore the checklist item is N/A.

III. Informal Application

The campground is a commercial development therefore any checklist requirements for residential development are N/A.
