As a public service, the Township will provide you with the following information upon request:

- Whether a property is in or out of a SFHA (Special Flood Hazard Area) as shown on the current FIRM (Flood Insurance Rate Map)
- Additional flood insurance data for the site, such as FIRM zone and the BFE (Base Flood Elevation) or depth, if shown on the FIRM
- We have a handout on flood insurance purchase requirement that can help people who need a mortgage or loan for property in the SFHA
- We have copies of completed elevation certificates for structures in the SFHA since 2005

If you would like to make an inquiry please provide the street address, and if known, the block and lot. We are open 8:00-4:00 M-F, or call at 609-698-0080 EXT 151 or drop by the construction office. There is no fee for this service.

We will also do a site visit to help you determine actions that should be taken. Please contact us to set up this service.

You may also check out the website www.region2coastal.com for more information about your property.

This site will give you map information, SFHA Base Flood Information, SFHA Flood zone information, and will also allow you to see where you are in the SFHA

Sincerely,
