OCEAN COUNTY RECYCLING GUIDE

SPRING AND SUMMER
2013

Over 25 Years of Recycling in Ocean County

Dear Ocean County resident,

Ocean County takes great pride in protecting its environment and we commend you, our citizens, for continuing to do your part in taking care of our natural surroundings.

In this guide you will see we have made some changes in our recycling programs including extending the time period of household hazardous waste collections and residential paper shredding. I am hopeful these changes will make the programs more convenient for you and will encourage additional participation.

This guide is a useful tool that can answer many of your solid waste disposal and recycling questions. As we approach the summer months, I want to remind you and all of our visitors that recycling happens year round and there is no vacation from recycling.

Again, I want to thank you for respecting the environment by participating in the many programs we provide so that items are disposed of safely and properly and the environment remains protected.

James F. Lacey
James F. Lacey, Freeholder

NORTHERN & SOUTHERN RECYCLING CENTERS

The Ocean County Northern Recycling Center consists of a 60 acre site which includes a new single stream facility with state of the art processing equipment, education center, two large compost fields, backyard compost demonstration area, 24 hour resident drop-off recycling center and a special waste drop-off area. The 24 hour resident recycling center and special waste area is located at 601 New Hampshire Avenue, Lakewood Township. The leaf and brush drop off areas as well as the compost and wood chip pick-up areas are located at the 535 Oberlin Avenue entrance. If you have any questions please call **732-367-0802**.

The Ocean County Southern Recycling Center located in Stafford Township consists of a recyclables transfer station, **24-hour** resident drop-off recycling center, a special waste building and a compost facility. The resident recycling drop-off center is located at 350 Haywood Road and the special waste, leaves, brush, compost and woodchips is located at 379 Haywood Road Building #105. If you have any questions please call **609-978-0913**.

2 Good 2 Waste

-  **2Good2Waste** is an internet based waste exchange program launched on May 2, 2011.
-  **2Good2Waste** plays a primary role in promoting reuse of materials.
-  **Free Service** limited to Ocean County residents.
-  **\$99.00** maximum on anything to be sold.
-  No money exchanged between the County and the members. Strictly an exchange between interested parties.
-  Some common items exchanged are furniture, bicycles, exercise equipment, appliances, toys, TV's, stereos and lawn mowers.
-  Very easy to sign up as a member and post a listing.
-  Each new listing goes to the exchange administrator for approval.
-  A good way to promote local community events such as community yard sales, community clean ups, and environmental festivals.
-  Ocean County is the **first** and **only** one in New Jersey to launch the **2Good2Waste** Exchange (in 8 other states).
-  Exchange site address: <http://www.2Good2Waste.org/oceancountynj>

COMPOST CLASSES

The Board of Chosen Freeholders with the Department of Solid Waste Management sponsor *free* "how to" compost classes each spring and fall for Ocean County residents and taxpayers. Residents can learn how to manage their organic waste and understand the environmental benefits of home composting in these classes taught by ***Ocean County Master Composters***. Classes are held in the Ocean County Recycling Education Center at the Northern Recycling Center in Lakewood Township. Classes run approximately an hour and a half and are **limited** to 25 people. Registration is required for these classes. For further information, please call 732-506-5047 or visit our website at www.co.ocean.nj.us/recycle

OCEAN COUNTY 2013 RESIDENTIAL DOCUMENT SHREDDING PROGRAM

RECYCLING COLLECTION

The New Jersey Mandatory Recycling and Source Separation Act and the Ocean County Recycling Plan requires municipalities to make provisions for the collection of residential recyclables including: bottles and cans, newsprint, cardboard and mixed paper.

The curbside collection of recyclables varies significantly with many municipalities providing weekly collection and others providing bi-weekly collection. All the municipalities are required to make provisions to collect the mandatory recyclable material from residential areas. Many coastal communities have a summer and winter collection schedule to accommodate the increases in quantities generated by summer vacationers. Most municipalities provide a drop-off center where residents can bring recyclables. In addition, the municipalities are responsible for the collection of bulky items and appliances. Please contact your municipal recycling coordinator to obtain information on procedures and fees.

FREQUENTLY ASKED QUESTIONS

1. What types of batteries are recyclable? Non-rechargeable batteries such as dry-cell batteries, AA, AAA, DD and 9V Volt are **NOT** accepted in Ocean County's recycling program. Dry cell batteries are manufactured with less hazardous materials. Therefore, they are without recyclable value and can be thrown in the garbage. The Ocean County Northern and Southern Recycling Centers accept **button batteries** used in watches and hearing aids and **re-chargeable batteries** used in power tools, cellular phones, laptop computers. Also check with your local Public Works yards to see if they are accepted. (See page 12 for additional recycling information)

2. What do I do if I break a fluorescent bulb? Compact fluorescent lamps contain a small amount of mercury, about 3-4 milligrams each. **DO NOT VACUUM** People and pets should leave the room. Air the room out for about 10 minutes. Scoop up glass fragments and powder using stiff paper or cardboard. Use duct tape to pick up any remaining small fragments of glass and powder. Place the used tape in a glass jar or plastic bag. Clean area with damp paper towels or disposable wipes (for hard surfaces) Promptly place bulb debris and cleanup materials in a sealed trash container. For detailed cleanup instructions go to www.epa.gov/cfl/cflcleanup.html

CFL's should be handled properly and recycled according to state requirements. Homeowners can recycle these at the County's two recycling centers (see pg 2 for address) or at the County's household hazardous waste event programs (see pg 7)

2012 RECYCLING REVENUE SHARING PROGRAM

Ocean County shares 50/50 with the municipalities from the sales of recyclables processed at the Materials Processing Facility at the Ocean County Northern Recycling Center in Lakewood Township. The County returns revenues to each municipality that participates in the County's recycling program. Since the recycling revenue sharing program began in 1995 by the Ocean County Board of Chosen Freeholders, almost **\$14 million** has been returned to municipalities. The more your town recycles the greater the economic benefit will be. The total savings for 2012 to the towns for voiding tipping fees at the landfill was more than **\$5.4 million!!!** The money can be used to fund existing recycling programs such as improvements to existing recycling drop-off centers, purchase roll off containers or other projects deemed appropriate by the town. Towns received revenue checks that totaled anywhere from \$1,118 for Mantoloking and to \$199,745 for Toms River for their recycling efforts. Ocean County Returned almost **\$1 million** to its municipalities for 2012 in recycling revenue sharing. The total amounts awarded to each municipality for 2012 are: Barnegat Township \$34,451; Barnegat Light \$2,801; Bay Head \$2,844 Beach Haven \$9,634; Beachwood \$13,185; Berkeley Township \$44,458; Brick Township \$100,620; Eagleswood Township \$2,791; Harvey Cedars \$2,583; Island Heights \$3,132; Jackson Township \$55,948; Lacey Township \$52,074; Lakehurst \$3,298; Lakewood Township \$149,164; Lavallette \$7,185; Little Egg Harbor Township \$36,684; Long Beach Township \$21,467; Manchester Township \$38,020; Mantoloking \$1,118; Ocean Township \$13,288 Ocean Gate \$3,257; Pine Beach \$3,418; Plumsted Township \$6,895; Pt. Pleasant Beach \$13,558; Pt. Pleasant Borough \$43,446; Seaside Heights \$8,612; Seaside Park \$7,344; Ship Bottom \$7,349; South Toms River \$3,004; Stafford Township \$78,688; Surf City \$6,774; Toms River Township \$199,745 Tuckerton \$9,329. The payout for the first half of 2012 was **\$13.57 per ton**. The payout for the second half of 2012 was **\$12.14 per ton**. Ocean County municipalities recycled over 77,000 tons of materials in 2012 at the Ocean County Northern Recycling Center's Materials Processing Facility.

Guidelines for Proper Disposal of Household Medication

DO NOT flush unwanted medications or pour down sinks or drains. Traces of certain medications have been found in local waterways, such as Barnegat Bay. They harm fish and wildlife. Also, improper disposal in your trash allows others to divert the substance and consume medication not prescribed to them:

- Keep medicine in original container. Mark out personal information on prescription bottles.
- Mix liquid medicine with coffee grinds, cat litter or dirt. Dilute pills with water and then add coffee grinds, cat litter or dirt.
- Place bottles in an opaque container, like yogurt container, and secure lid, or wrap in a dark colored plastic bag.

• Hide the container in the trash. **DO NOT RECYCLE.**

For more information contact the NJ Dept. of Environmental Protection Solid & Hazardous Waste Program at 609-633-1418 or go to www.state.nj.us/dep/dshw/rtp/disposal.pdf

Hazardous waste will not be accepted from businesses, school boards or government agencies. Only Ocean County residential households and farmers are eligible for this free program. A driver's license or tax bill will be adequate proof of residence. Our staff can advise you about any materials you are unsure of.

Acceptable Materials: paints/thinners/boat paint, solvents, pool chemicals, pesticides and herbicides, aerosol cans, auto products, toilet and drain cleaners, silver polishes, oven cleaners, photographic chemicals, rug and upholstery cleaners, polishes and bleaches, waste oil and used gasoline.

ALL THE ABOVE MATERIALS, EXCEPT OIL AND GASOLINE, MUST BE IN ORIGINAL CONTAINERS

Maximum volume per household is limited to 200 pounds of dry materials and 20 gallons of liquid. Please, no containers larger than 5 gallons.

Unacceptable Materials: radioactive materials, dioxins, infectious waste ("Red Bag" wastes), explosives, unknown or unidentified materials.

No CONSTRUCTION WASTE OR ASBESTOS.
