

AGREEMENT

THIS AGREEMENT made this 1 day of January, 2019 by and between the Township of Barnegat, a municipal corporation of the State of New Jersey, hereinafter referred to as "Municipality" and Jerry W. Conaty, C.P.A., R.M.A., P.S.A., C.F.E., hereinafter referred to as "Auditor";

WITNESSETH:

WHEREAS, by virtue of Resolution 2019-21, passed January 1, 2019, Jerry W. Conaty, C.P.A., R.M.A., P.S.A., C.F.E., has been appointed Auditor for the Township of Barnegat; and

WHEREAS, the parties hereto have reviewed existing appropriations for funds and desire by this Agreement to reduce the understanding with reference to the compensation of the Auditor in writing;

NOW THEREFORE, in consideration of the mutual terms, conditions and covenants herein, it is agreed by and between the parties as follows:

1. SCOPE

The Auditor agrees to perform the professional services ordinarily provided by Registered Municipal Accountants of the State of New Jersey, including the audit of the accounts and financial transactions for the 2019 calendar year.

The Auditor will audit the financial statements-regulatory basis of the various funds of the Municipality, including the related notes to the financial statements, which collectively comprise the basic financial statements of the Municipality as of and for the year ended December 31, 2019.

The Auditor also agrees to report on supplementary information other than RSI that accompanies the Municipality's financial statements. The Auditor will subject the following supplementary information to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and the Auditor will provide an opinion on it in relation to the financial statements as a whole in a report combined with the auditor's report on the financial statements:

- 1) Supplemental exhibits
- 2) Schedules of expenditures of federal awards and/or state financial assistance, as applicable
- 3) Supplemental data

Audit Objectives

The objective of the audit is the expression of opinions as to whether the Municipality's financial statements are fairly presented, in all material respects, in conformity with accounting principles and practices prescribed by the New Jersey Department of Community Affairs, Division of Local Government Services and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. The objective also includes reporting on—

- Internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal and/or state statutes, regulations, and the terms and conditions of federal and/or state awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and NJ OMB Circular 15-08, *Audits of States, Local Governments, and Non-Profit Organizations*.

The *Government Auditing Standards* report on internal control over financial reporting and on compliance and other matters will include a paragraph that states that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance and NJ OMB Circular 15-08 report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJ OMB Circular 15-08. Both reports will state that the report is not suitable for any other purpose.

The audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the requirements of the New Jersey Department of Community Affairs, Division of Local Government Services; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance and NJ OMB Circular 15-08, and will include tests of accounting

records, a determination of major program(s) in accordance with the Uniform Guidance and NJ OMB Circular 15-08, and other procedures considered necessary to enable the Auditor to express such opinions. The Auditor will issue written reports upon completion of the single audit. The Auditor's reports will be addressed to the Governing Body of the Municipality. The Auditor cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for the Auditor to modify its opinions or add emphasis-of-matter or other-matter paragraphs. If the Auditor's opinions are other than unmodified, the Auditor will discuss the reasons with the Municipality in advance. If, for any reason, the Auditor is unable to complete the audit or are unable to form or have not formed opinions, the Auditor may decline to express opinions or issue reports, or may withdraw from this engagement.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, the audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. The Auditor will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because the Auditor will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, the Auditor will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to the Auditor's attention. The Auditor will also inform the appropriate level of management of any violations of laws or governmental regulations that come to the Auditor's attention, unless clearly inconsequential, and of any material abuse that comes to the Auditor's attention. The Auditor will include

such matters in the reports required for a single audit. The Auditor's responsibility is limited to the period covered by the audit and does not extend to any later periods for which the Auditor is not engaged as auditors.

The Auditor's procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. The Auditor will request written representations from the Municipality's attorneys as part of the engagement, and the Auditor may bill the Municipality for responding to this inquiry. At the conclusion of the audit, the Auditor will require certain written representations from the Municipality about its responsibilities for the financial statements; schedule of expenditures of federal and/or state awards; federal and/or state award programs; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures—Internal Control

The audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that the Auditor considers relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. The Auditor's tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in the Auditor's report on internal control issued pursuant to *Government Auditing Standards*.

If applicable, as required by the Uniform Guidance and NJ OMB Circular 15-08, the Auditor will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that the Auditor considers relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal and/or state award program. However, the Auditor's tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in the Auditor's report on internal control issued pursuant to the Uniform Guidance and NJ OMB Circular 15-08.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, the Auditor will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and the Uniform Guidance and NJ OMB Circular 15-08.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, the Auditor will perform tests of the Municipality's compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and the Auditor will not express such an opinion in its report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance and NJ OMB Circular 15-08 requires that the Auditor also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal and/or state statutes, regulations, and the terms and conditions of federal and/or state awards applicable to major programs. The Auditor's procedures will consist of tests of transactions and other applicable procedures described in the *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the Municipality's major programs. The purpose of these procedures will be to express an opinion on the Municipality's compliance with requirements applicable to each of its major programs in the Auditor's report on compliance issued pursuant to the Uniform Guidance and NJ OMB Circular 15-08.

Other Services

The Auditor will complete certain nonattest services normally performed by a Registered Municipal Accountant in the State of New Jersey. These services will include the following:

- a) Assist with the 2019 Unaudited Annual Financial Statement on state approved forms from general ledgers provided by the Municipality.
- b) Assist with the 2019 Unaudited Annual Debt Statement on state approved forms from general ledgers provided by the Municipality.

- c) Compilation of 2019 Basic Financial Statements and supplemental exhibits from Township general ledgers to State approved format.
- d) Assist with preparation of 2019 Budget document on state approved forms from documents provided by the Municipality.

The Auditor will also assist in preparing the financial statements, schedule of expenditures of federal and/or state awards, and related notes of the Municipality in conformity with U.S. generally accepted accounting principles, practices prescribed by the New Jersey Department of Community Affairs, Division of Local Government Services and the Uniform Guidance based on information provided by the Municipality. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. The Auditor will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal and/or state awards, and related notes services previously defined. The Auditor, in its sole professional judgment, reserves the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.
