Roger Budd
Barnegat Township Water & Sewer Department
900 West Bay Avenue
Barnegat, NJ 08005

Dear Mr. Budd,

Please accept this letter as formal notification that I am resigning from my position as a Water & Sewer Laborer with Barnegat Township. My last day of employment will be Friday August 7th, 2026.

I have accepted a new opportunity in the utility construction sector that aligns with my long-term career goals. While I am excited to take this next step, leaving the township was a difficult decision. I am incredibly grateful for the opportunity to have worked here and to have served the Barnegat community.

I want to thank you and the entire crew for the guidance, training, and support you have provided me during my time with the department. The hands-on experience I gained in maintaining, repairing, and operating our water and sewer infrastructure has been invaluable, and I will carry the safety standards and work ethic I learned here throughout my career.

During my remaining time, I am fully committed to completing my current tasks and assisting in any way possible to ensure a smooth transition of my duties. Please let me know how I can best help during this time.

I wish you, the department, and Barnegat Township continued success in the future. I hope we can stay in touch as our paths cross in the utility industry.

Sincerely,

Bryan Snowden

Participating Officers will not wear full uniform during the Program shifts, and instead will wear a polo shirt with an agency logo, or similar, and will drive an unmarked vehicle.
- b. At each service call, the Officers will identify themselves as law enforcement officers and ensure the safety of all actors before the MHSP specialist exits the police vehicle, to ensure there are no violent or potentially violent actors on scene, and remain at the scene while the Screener provides services.

The Officer will not respond to other calls for service while transporting the MHSP specialist except for those behavioral health crisis calls as defined below. In the event of an emergency that needs the Officer's immediate attention and is in the Officer's plain view, such as a motor vehicle accident or serious injury, the officer will

stop to provide immediate assistance until further police assistance arrives. In the event of a call involving a life-threatening emergency, the Officer will only respond to the call upon the direction of their supervisor and will first transport the MHSP specialist to the closest safe location prior to responding to the call.

Officers from the municipality from which the call originated will be responsible for securing the scene before the MHSP specialist enters. At the scene, once deemed safe, the non-ARRIVE officer(s) shall only provide assistance if specifically requested by the ARRIVE Officers on scene.
- d. When PPD and MHSP specialist meet at a location at the same time, the Program will respond to qualifying calls made to the municipality(ies) identified in Section II.A. 1 .(b) above by a MHSP meeting a CIT trained officer at an arranged safe location. Re: Venue at Lighthouse Station; Township Responsibility for Pump Station Utilities

Dear Mayor & Township Committee:

As per the attached July 15, 2026 letter from Sasha Everest, community manager at Venue at Lighthouse Station, it has been requested the Township of Barnegat assume utility responsibilities at the Venue sewerage pump station, located off Hudson Avenue, within the Venue development. This includes future payment responsibility for electric utility bills. Upon review with Township water and sewer department, the pump station previously had punch list issues that have since been rectified by Lennar, the developer of the Venue at Lighthouse Station subdivision. In addition, a recent inspection has found the pump station operating satisfactorily.

Therefore, the Township of Barnegat can assume utility responsibility of the Venue sewerage pump station, beginning June 2026, in particular the billing responsibility of the electric service. ***Please prepare applicable resolution for next Committee meeting.***

In addition, please accept this letter authorizing Township reimbursement to Venue at Lighthouse Station Homeowners Association, Inc., in the amount of \$9,569.85, to cover past electrical payments. This is to ensure continuance of operation of the pump station. ***Please add to the August 4, 2026 bill list.***

However, please note, the Township is not responsible for 100% of the past due electrical charges. Therefore, this office shall coordinate any reimbursement required from Lennar (developer) to the Township, prior to overall bond release of the project.

If I can be of further assistance, please contact my office.

Very Truly Yours

Re: Hudson Ave Pump House

Subsequent to receiving an unusually large JCP&L electric bill for May 2026, it appears that Barnegat Township has still not taken ownership of the Hudson Road Sewer Pump House electric service. Venue has also been billed for June 2026.

As stated in the attached letter dated September 24, 2024, Peter Kilgour of Associa Community Management Corp. wrote:

"Barnegat Township is to take full control of the Hudson Ave pump station building electric and gas. Venue at Lighthouse Station does not have any access or have any responsibility to the location."

Additionally, on September 25, 2024, Mr. Kilgour emailed Mr. Otto stating:

"Venue at Lighthouse Station does not have any access to the fencing around the building or access to the building. Venue does not pay for any utilities to the site."

The Hudson Road Sewer Pump House is located within a locked, fenced enclosure. Venue at Lighthouse Station does not have access to the facility and does not maintain or operate the pump station.

Accordingly, Venue at Lighthouse Station requests reimbursement in the amount of \$9,569.85 for the May and June 2026 JCP&L electric charges, as reflected in the attached invoices. We also request that the electricity account be transferred immediately to Barnegat Township to prevent any additional charges from being billed to Venue.

Subject: Ocean County Farmland Preservation Program - Resolution of Support Request

Good Morning,

Please see the attached letter requesting township support in Ocean County preserving a farm in Barnegat Township.

The property is located at 30 Warren Grove Road and is known as Block 81, Lot 1.05. Hidden Creek Farm is a horse facility providing stables, lessons, and trail riding. Through the Ocean County Farmland Preservation Program, the property owner would continue to own and operate the property while the County would purchase the development easement on the property making sure it remains agriculture for perpetuity. This pretty much follows the same criteria as our Natural Lands Program and the sale only goes through if the property owner accepts the offer.

It should be noted that this can potentially be our first preserved farm in Barnegat. I have sent hard copies of the request letter and map in the mail. Please feel free to reach out with any questions.

Thank you

Dear Mayor PiPi:

The Ocean County Farmland Preservation Program has received an application for the above referenced farm on Warren Grove Road in Barnegat Township. It should be noted that our program does not currently have any preserved farmland within the township.

A resolution of support is needed from the municipality before any parcel can be preserved under the Ocean County Farmland Preservation Program. I would therefore ask that you discuss this matter with the Township Committee and provide this office with the appropriate resolution.

Please find the attached map to aid in this process. I thank you in advance for your assistance, if you have any questions please do not hesitate to contact me.

RESOLUTION NO. 2026-298

A RESOLUTION OF THE TOWNSHIP OF BARNEGAT, COUNTY OF OCEAN, STATE OF NEW JERSEY, OPPOSING CERTAIN RECENTLY ENACTED STATE LAWS AFFECTING LAW ENFORCEMENT OPERATIONS, FEDERAL-STATE COOPERATION, AND PUBLIC SAFETY, AND URGING THEIR REPEAL

WHEREAS, the Mayor and Township Committee has a fundamental responsibility to protect the health, safety, and welfare of its residents and to support law enforcement officers in the lawful execution of their duties; and

WHEREAS, the Governor of New Jersey recently signed three (3) bills impacting federal-state cooperation in immigration enforcement, creating sanctuary spaces for immigrants in the country illegally and impacting law enforcement operations; and

WHEREAS, A4071/S3521 restricts certain communications and cooperation between state and local law enforcement and federal immigration authorities; and

WHEREAS, SCS for S3114 and S3216/A1743 requires law enforcement officers, including ICE agents, to reveal their facial identity during certain public interactions and to present identification before arresting or detaining an individual, which this governing body believes may interfere with law enforcement operations and raise constitutional concerns; and

WHEREAS, A4070/S3522, described as the "Privacy Protection Act," limits the collection and sharing of certain personal information, which this governing body believes may hinder law enforcement investigations and interagency coordination; and

WHEREAS, the so-called "Safe Communities Act," or S-5036, prohibits sensitive locations from assisting or participating in federal civil law enforcement, and would also prohibit enforcement on the premises of those locations including hospitals, public schools, shelters, disaster and emergency response sites, funeral homes, courthouses, and places of worship, thus creating safe spaces for criminals to hide from law enforcement; and

WHEREAS, this governing body recognizes the importance of constitutional rights, due process, lawful policing, and public accountability, but also finds that public policy should not jeopardize officer safety, operational effectiveness, intergovernmental cooperation, the ability of law enforcement agencies to respond to evolving public safety threats, or negatively impact the safety of the public at large; and

WHEREAS, this Mayor and Township Committee is concerned that restrictions affecting communication, coordination, identification practices, and information-sharing, as well as policies that prohibit law enforcement from pursuing criminals at certain locations will create uncertainty for local law enforcement agencies, complicate interactions with federal authorities, increase risks to officers operating in volatile and rapidly developing situations and give sanctuary to criminals among the very communities these laws purport to seek to protect; and

WHEREAS, this Mayor and Township Committee further recognizes that immigration law and enforcement are federal functions under the United States Constitution and believes that legislation restricting federal-state cooperation in this area is subject to constitutional challenge under the Supremacy Clause; and

WHEREAS, this Mayor and Township Committee is also concerned that enactments designed to restrict cooperation or disclosure may invite costly litigation, create preemption disputes, undermine consistent enforcement practices, and expose municipalities and their officers to legal uncertainty, financial burdens, and operational difficulties, observing that the federal government has already sued New Jersey twice since March 2026; and

WHEREAS, this Mayor and Township Committee is additionally concerned that requiring officers to reveal facial identity without adequate operational exceptions may increase the risk of retaliation, harassment, doxxing, targeting of officers and their families, and compromise of undercover, tactical, or other security-sensitive functions; and

WHEREAS, this Mayor and Township Committee also finds that limiting the collection or sharing of personal information may impede legitimate law enforcement investigations, interagency coordination, and emergency response efforts, including efforts involving individuals who may pose threats to public safety; and

WHEREAS, this Mayor and Township Committee therefore wishes to formally express its opposition to the foregoing enactments and to urge the Legislature and the Governor to repeal them; and

WHEREAS, New Jersey's sanctuary policies have directly resulted in two (2) avoidable lawsuits initiated by the federal government challenging unconstitutional policies as well as violent unrest and disorder outside of Newark's Delaney Hall, a U.S. Immigration and Customs Enforcement's (ICE) detention facility, and the injury of an ICE officer in Stafford Township;

NOW, THEREFORE, BE IT RESOLVED this 4th day of **August, 2026**, by the governing body of the Township of Barnegat, County of Ocean, State New Jersey, as follows:

1.- The Mayor and Township Committee hereby formally opposes the recently enacted laws identified above.

2.- This Mayor and Township Committee finds that these laws, individually and collectively, raise substantial concerns regarding public safety, law enforcement officer safety, effective federal-state and interagency cooperation, and the ability of local law enforcement to carry out its responsibilities in a clear, coordinated, and lawful manner.

3.- The Mayor and Township Committee further finds, as a matter of policy and legal concern, that state measures restricting cooperation, identification practices, or information-sharing in this area may create practical conflicts with legitimate law enforcement objectives, burden municipal operations, and contribute to costly and divisive disputes concerning the limits of state authority, federal supremacy in immigration matters, and preemption principles under the United States Constitution.

4.- The Mayor and Township Committee urges the Governor of New Jersey and the New Jersey Legislature to repeal the laws identified above and to take such prompt executive and legislative action as may be necessary to eliminate the risks these laws may pose to officer safety, law enforcement effectiveness, and sound intergovernmental relations.

5.- The Mayor and Township Committee further urges that any future legislation in this area respect the supremacy of the federal government under the United States Constitution in matters of immigration policy and enforcement, and include clear protections for officer safety and operations, workable standards for interagency coordination, and provisions that preserve the ability of law enforcement to respond effectively to threats to the public.

6.- The Mayor and Township Committee encourages state, county, and local law enforcement, to the fullest extent permitted by law, to cooperate with other law enforcement agencies in securing our community against threats to public safety as well as assist federal authorities in safeguarding government installations located in the Garden State;

7.- The Municipal Clerk is hereby directed to transmit a certified copy of this Resolution to the Governor of New Jersey, the President of the New Jersey Senate, the Speaker of the New Jersey General Assembly, the municipality's representatives in the New Jersey Legislature, the Attorney General of New Jersey, the New Jersey State League of Municipalities, the New Jersey Association of Counties, the United States Attorney for the District of New Jersey, and such other public officials and organizations as may be appropriate.
